The maintenance and service trolley

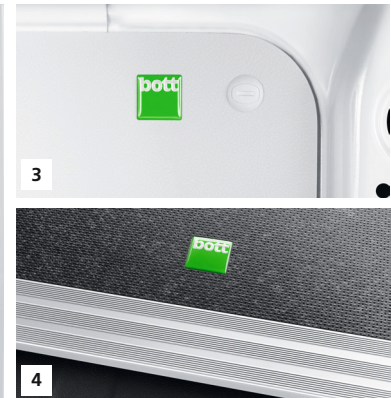

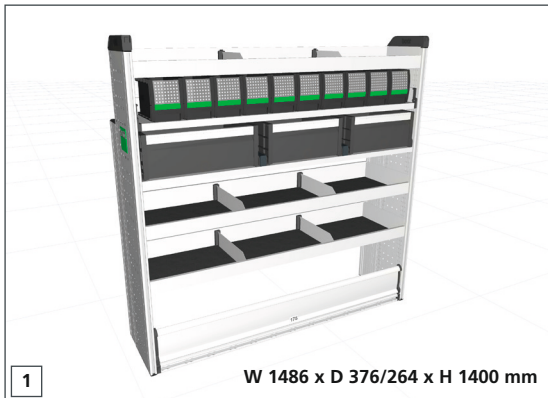

## MAN TGE | Equipped ex-factory

No-one likes waiting for their new vehicle, particularly when it's a MAN TGE.

Which is why there is a whole selection of branch-specific equipping solutions and custom equipment available for installation directly in the factory. You can configure your MAN TGE exactly to your requirements with integrated shelf systems – so easily and quickly that you can almost see the dust rising. If you would rather have a MAN TGE with equipment solution within only a few days, we offer you numerous complete vehicles that are ready for immediate delivery with our vans

### 639YF (PR-Nr. YYH) Basic package
