ROOF BARS

The ULTIBar+ roof bars have been expertly designed for strength, style, and durability. Each set has been tailor made to the van's specific make and model and we have created roof bars for almost every type of van within the EMEA region.

PAGE 12-13

ROOF RACKS

The ULTI Rack+ is a large gallery style van roof rack, perfect for carrying wide loads. Although it's made from lightweight aluminium, it is a heavy duty roof rack that looks the part and does the job. It is strong, built to last and improves fuel efficiency.

PAGE 14-15

LADDER LOADING SYSTEM

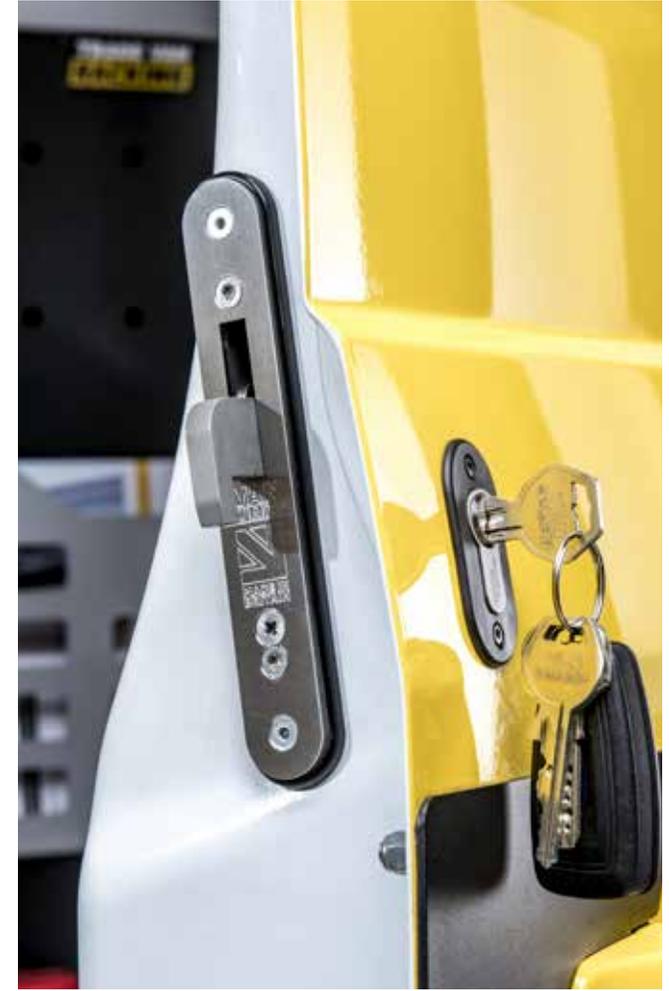

The ULTIloader allows for a safe and effective way of loading and unloading ladders from the roof of the van to ground level, minimising health and safety issues.

PAGE 16-17

PIPE CARRIERS

The Pipe Carrier is the go-to tried and tested solution for transporting copper pipe, plastic conduit, fascias, and tile trims on the van. The Pipe Carrier is available in different sizes and we also offer a lined Pipe Carrier to protect items against marks and discolouration.

PAGE 18-19

VAN LOCKS COMING SOON IN EU

Our high quality van locks help protect van owners from a growing tool theft epidemic by giving them a wide variety of solutions to choose from. The range includes the ULTIlock Hooklock; the first van hooklock to attain Gold Standard Sold Secure status (UK).

PAGE 20-21

VAN SHIELDING COMING SOON IN EU

Designed to deter, prevent, and protect against attacks, our van shielding range consists of internal and external shielding to ensure the van is protected from the inside out.

PAGE 22

LADDER SLIDE & SECURE

Designed as a cost effective, safe way to load ladders quickly, ensuring there is no need for rear rollers or ladder clamps.

PAGE 23

ACCESSORIES

From eyebolts to ladder clamps, make carrying loads easier with our accessories that are designed to protect the van and equipment stored on it.

ABOUT US

WE STRIVE TO OFFER THE BEST COMMERCIAL VAN KIT AROUND, THROUGH OUR COMMITMENT TO THE HIGHEST QUALITY STANDARDS AND CONTINUOUS INNOVATION.

We are a long-established manufacturer of quality van accessories. With over 45 years' experience, Van Guard is a one-stop-shop specialising in van storage and security.

We pride ourselves on developing high quality, innovative storage and security solutions to assist tradespeople and service engineers.

ULTILOADER

OUR BRAND NEW LADDER LOADING SYSTEM. A SAFE WAY TO CARRY YOUR LADDERS.

Adding to our ultimate range of van storage & security products to become your one-stop-shop aftermarket van accessory supplier.

WHY CHOOSE VAN GUARD?

OVER 45 YEARS' EXPERIENCE IN MANUFACTURING

CRASH TESTED PRODUCT RANGE

PRODUCTS DESIGNED AND BUILT TO SUPPORT PROFESSIONAL WORKER SAFETY

COMPLETE VEHICLE STORAGE AND SECURITY SOLUTION

QUICK AND SIMPLE PRODUCT INSTALLATION WITH LEARNING SUPPORT

WEATHERISED MATERIALS TO PROTECT AGAINST THE ELEMENTS

TECHNICAL SUPPORT FROM ENGINEERS AND DESIGNERS

T-TRACK GUIDES ON ALL BARS AND RACKS FOR FLEXIBLE POSITIONING

ALUMINIUM ROOF BARS

HARD-WEARING ROOF BARS, MADE FOR THE TRADE

KEY FEATURES

- Easy to fit
- Does not rust
- Supplied with load stops as standard
- Robust and hard-wearing
- Range of accessories available
- Crash tested to 20G

The ULTIBar+ van roof bars are expertly designed for strength, style and durability. Taking into account the van's shape and pre-existing fixing points, we have created a roof bar system for almost every type of van within the EMEA region.

ROOF RACKS

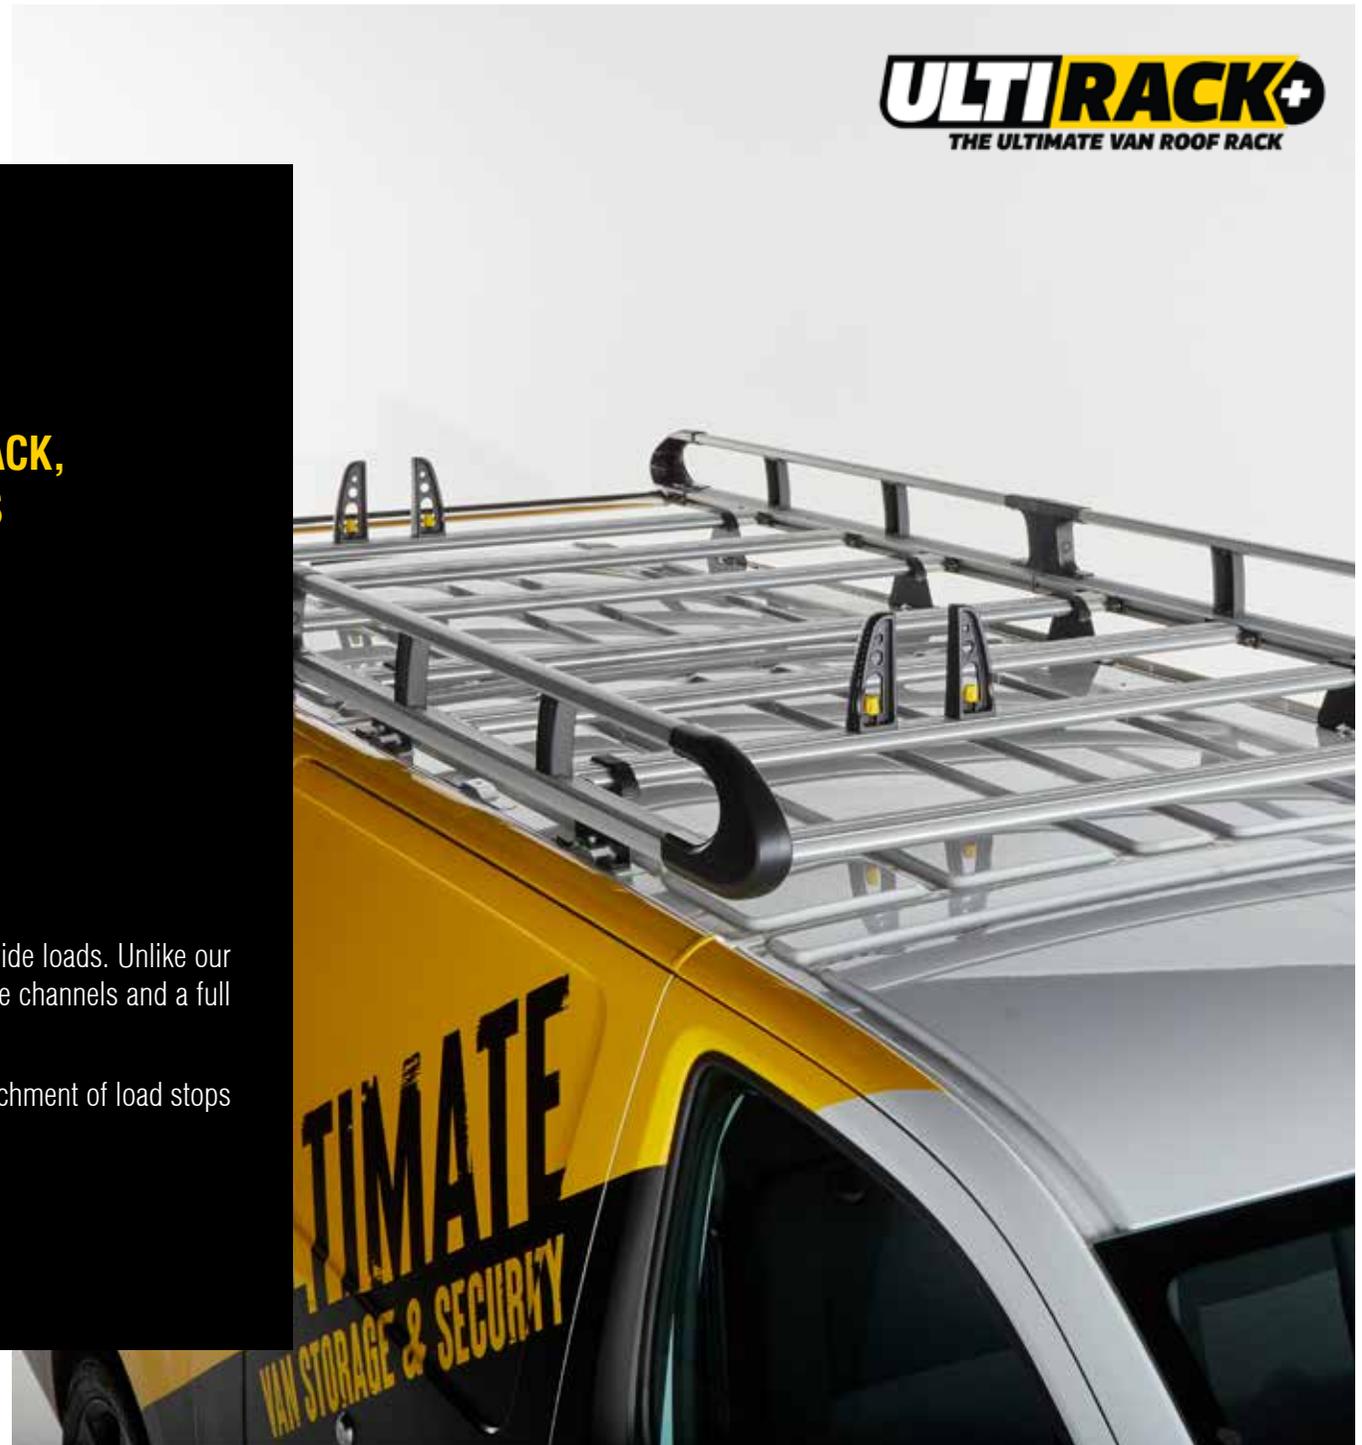

EASY TO LOAD, HEAVY DUTY ROOF RACK, PERFECT FOR CARRYING WIDE LOADS

KEY FEATURES

- Easy to load
- Includes rear roller and load stops
- Aluminium design, lighter than steel alternatives
- Stylish and aerodynamic
- Fits all major van models
- Crash tested to 20G

Our large gallery style van roof rack is perfect for carrying wide loads. Unlike our roof bars, the ULTRack+ van roof rack includes built-up side channels and a full length rear roller with every set.

The ULTRack+ has bars with a T-Track, allowing for the attachment of load stops to ensure stored items are secured safely on the roof.

ULTILOADER

LADDER LOADING SYSTEM

A SAFE AND EFFECTIVE WAY TO EASILY CARRY LADDERS ON THE VAN

KEY FEATURES

- Safe loading and unloading of ladders in seconds
- Single and double ladder loaders available
- 60kg maximum ladder weight
- 2 pairs of load stops included
- Crash tested to 20G
- Ability to secure using a padlock (not included)
- Universal fitting
- Carries most types of ladders

The ULTIloader allows for a safe and effective way of loading and unloading ladders from the roof of the van to ground level, minimising health and safety issues.

Its ergonomic design with gas strut assistance provides the ideal stowage and deployment system for operators looking to equip their light commercial vehicles with a quick and low risk solution.

PIPE CARRIERS

A DEDICATED STORAGE SPACE TO PROTECT PIPE & CONDUIT

KEY FEATURES

- Unlined or lined option
- 3m length as standard
- Lockable end caps
- Stylish and aerodynamic
- Weatherproof and durable
- Crash tested to 20G

Our Pipe Carriers are renowned across the trades, from plumbers to electricians alike, as the go-to, tried and tested solution for safely and securely transporting copper pipe, plastic conduit, fascias and tile trims.

Our Pipe Carriers are available in standard and maxi sizes. There is also the option for a lined pipe carrier for added protection for fragile or easily marked items.

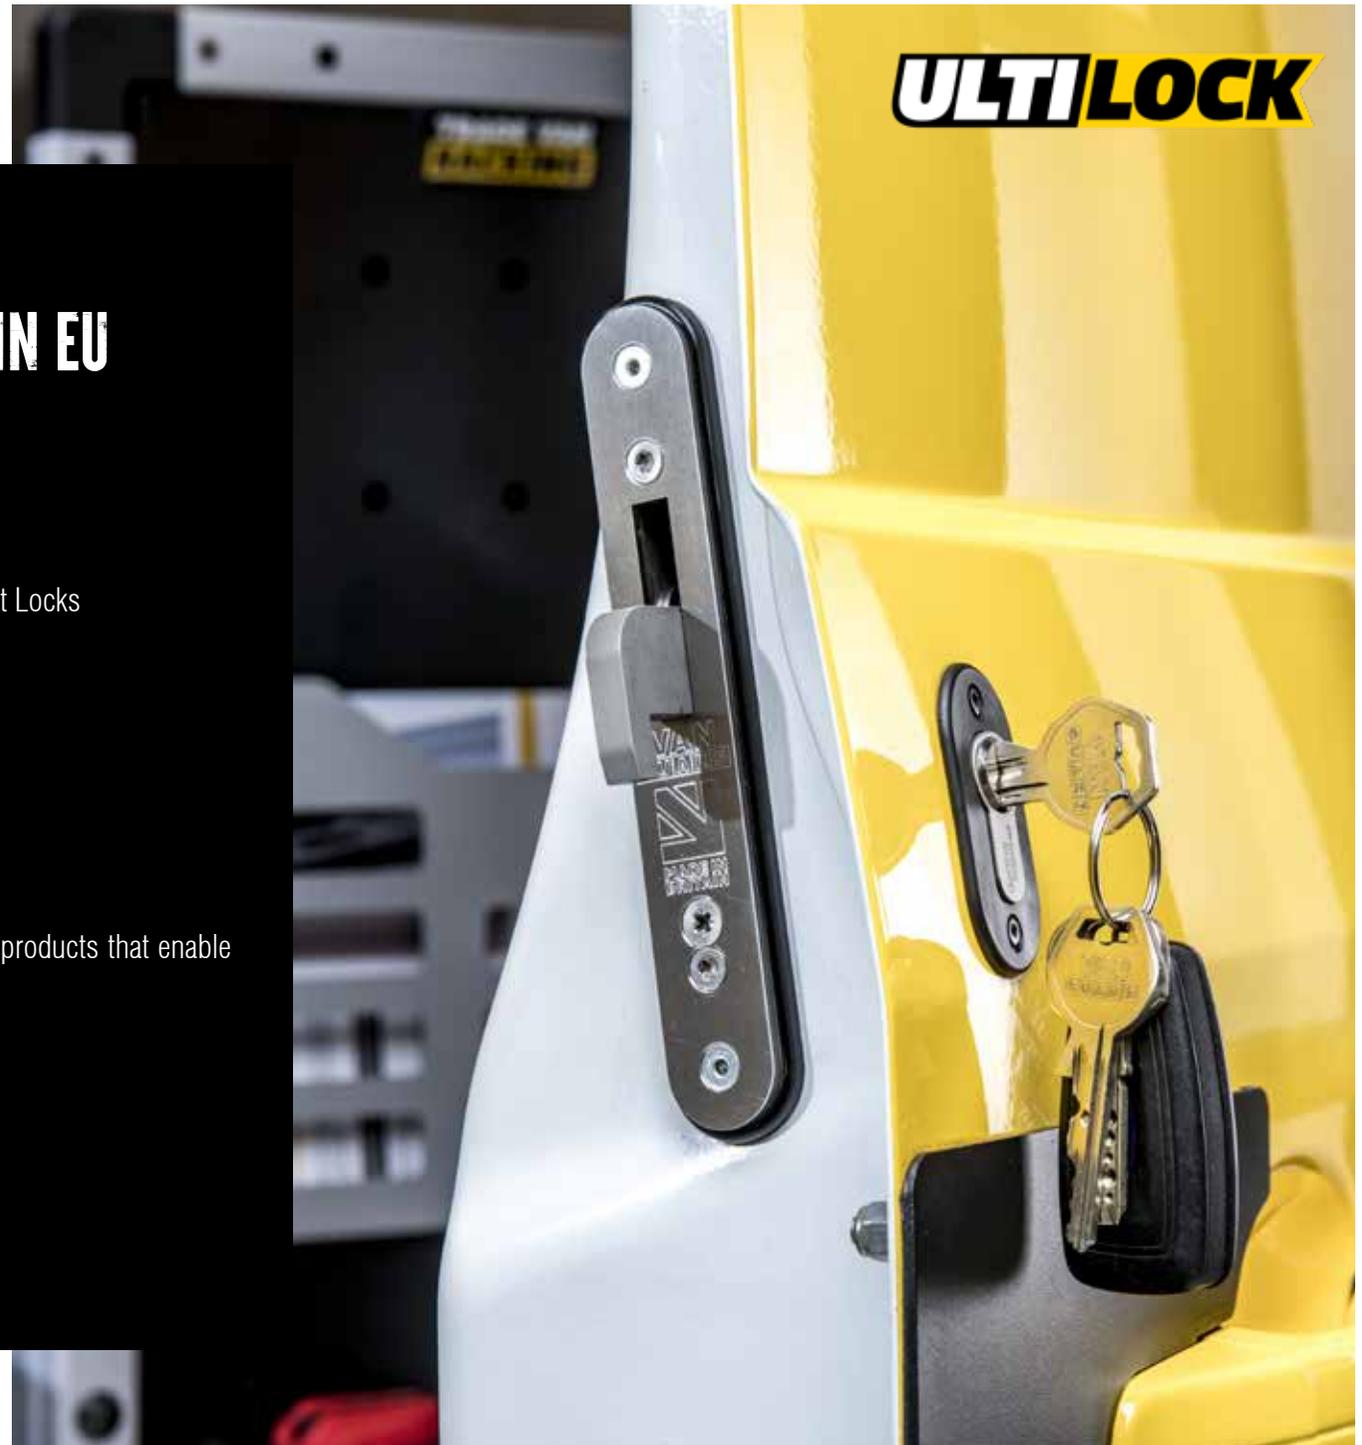

VAN LOCKS COMING SOON IN EU

AFTERMARKET VAN SECURITY LOCKS

KEY FEATURES

- Hooklocks, Deadlocks, Slamlocks and Ford Replacement Locks
- High quality manufacture
- Vehicle specific
- Door specific kits as standard
- Keyed alike
- Hooklock - Gold Standard Sold Secure Status (UK)
- Deadlock - Silver Standard Sold Secure Status (UK)

We manufacture a wide range of van lock and van security products that enable tradespeople to truly enhance their vehicle's security.

VAN SHIELDING COMING SOON IN EU

PREVENTING AND PROTECTING AGAINST ATTACKS ON VULNERABLE AREAS OF THE VAN

KEY FEATURES

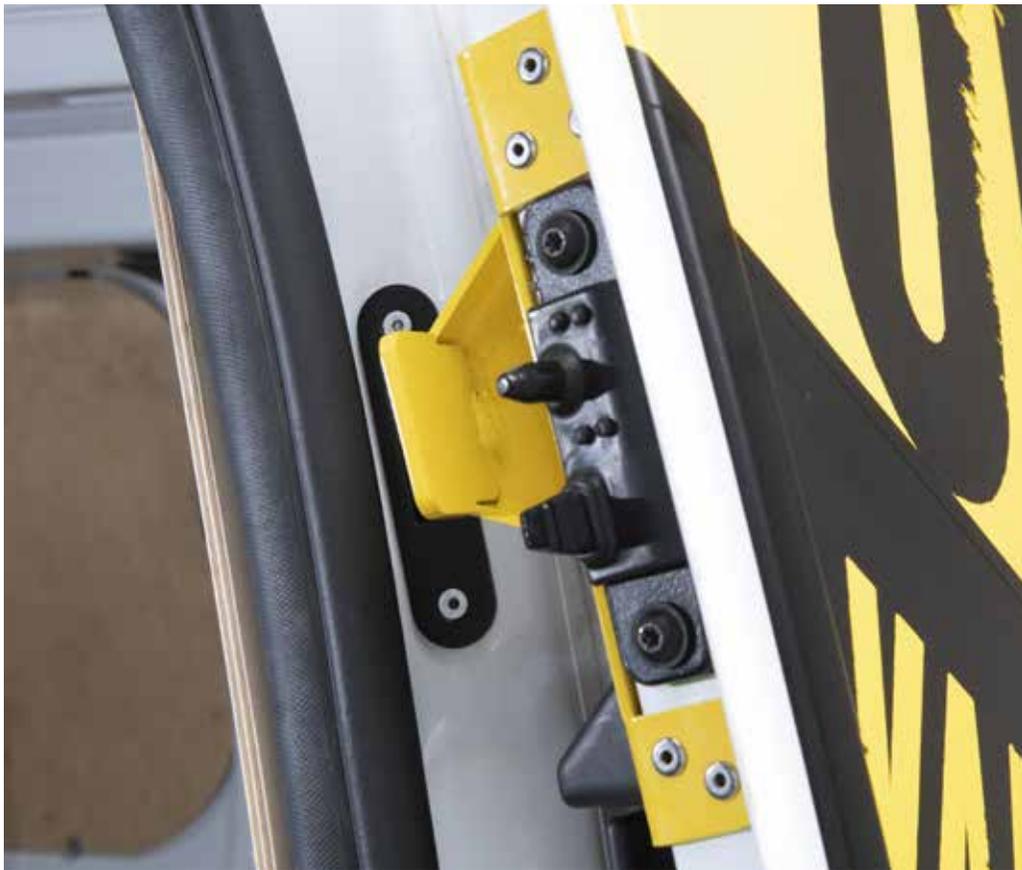

- Internal Shielding, External Shielding, Handle Shields, Loom Guards and Anti-Peel Brackets available
- Shielding made from 304 grade stainless steel
- All shielding available in stainless steel or black powder coat

We have developed a range of van make and model specific shielding products to both deter and prevent attacks from happening.

Our Internal Shielding fits inside the van to protect vulnerable lock mechanisms in the event of an attack.

External Shields and Handle Shields protect against an attack and act as a visual deterrent, stopping the attack from happening in the first place. They can also be used when an attack has already occurred to the van, as they can be a cost effective option to repair as opposed to replacing an entire door or panel.

LADDER SLIDE & SECURE

A COST EFFECTIVE WAY TO LOAD LADDERS SAFELY

KEY FEATURES

- Lightweight and extremely strong
- Universal design to fit most small and medium vans
- Mounts onto ULTIBar+ and other systems with no drilling required
- Fully adjustable height and width
- Crash tested to 20G

Our Ladder Slide & Secure system is a cost effective, safe and hassle-free way to load ladders quickly and easily without the need for a roller, ladder clamps or climbing on the roof.

ACCESSORIES

A RANGE OF ACCESSORIES TO COMPLEMENT OUR PRODUCTS

ACCESSORIES AVAILABLE

- Eyebolts
- Load Stops
- Ladder Clamps

Our general accessories make carrying loads easier and are designed to protect the van and equipment stored on it.
